KNOWN

Throughout our whole life we've been looking forward to the future, always unsure of what lies ahead of us, but always knowing that something more is out there and all the struggles we deal with daily will finally pay off. Though the future cannot ever be defined or summarized, we're aware that the future is always just what we make of it. We live day to day with our destination always just out of reach; behind that next turn or ready to turn up after high school graduation. We try to focus on our destination; the time and place where everything we've ever done or said makes sense and we understand the true meaning of what its all about. We try not to analyze every second of our daily battles, but keep all our energy focused on that final destination when, with unbridled spirit and unshaded eyes, we can look at our journey passed and realize that everything we've dealt with has taught us all that life has to offer. Many people help us along our journey and without them, we wouldn't be able to appreciate all that our journey and our destination have to offer us. Our last five years at Oxford High School have been a stepping stone for us, allowing us to form a better mental picture of what our destination might prove to be. In the pages of this book we hope to offer thanks to all the people who have taught us what we need to take from our life experiences and also to celebrate our personal journeys and the final destination filled with the dazzling joy of certainty and promise.

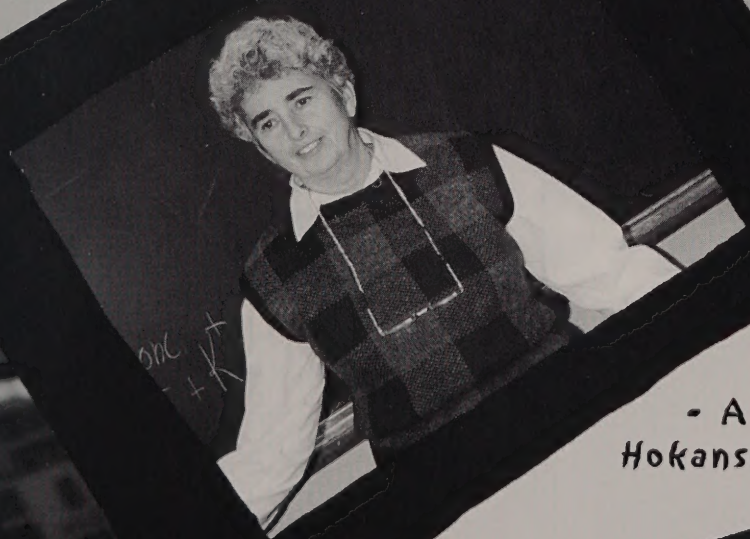
Members of the Intelligencia

All 732 of us cram into O.H.S. five days a week. As indivuals we strive to acheive goals and make it through another day. Together we make Oxford High a living organism shaping and building out a community. Some of us will not be returning next year, leaving only our legacies to live on. Others will continue their reign at Oxford High, and carry the school into the future. Every person that comes through Oxford High School leaves their own mark, even long after they're gone. Our

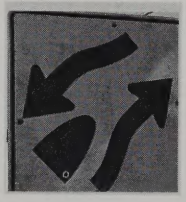
individuality makes us all unique, but our ability to bond together is what makes us so special.

-Ashley Hokanson



Getting There

Destinations are elusive goals. As soon as one is reached, others appear on the horizon. No one knows what he or she will need to know in order to reach those dreams that live in the distance of time. That is why everyone needs to learn as much as possible in order to be prepared for whatever may come. Even if we could know ahead of time, all that was needed to do a specific job, we would become both boring and bored with the sameness of our existence.



Over the years, your teachers have been trying to help you pack for the journey that is your life. All the challenges that we set before you are to help you prepare for your uncertain future.

We cannot guarantee that there will be no speed bumps in the road of life, so please proceed with caution. Sometimes it is the dip in the road that reminds us to pay attention to the task at hand, because life is always lived in the present. We cannot tell you which path to take, but we can show you how to get there, working together. -Susan Briody

To My Teacher

If you wonder
have you made a difference
in our lives, the answer is Yes!
I know you have made a difference
in my life.
I know there are many days
you have wondered
what you were doing
in a room filled with children
whose thoughts were everywhere
but in the classroom.
I am sure there were days
I learned more than other days
but I always did learn.
I want to tell you and thank you
for helping me grow.
I have learned and grown
from your teaching,
and, perhaps, I have matured, too.
Yes! You have made a difference
in my life and in
all the other children's lives
you have touched
over the years.
Even if we did not tell you
at that time,
YES!
You have made all the difference.

Lunch Ladies

The cafeteria workers are an integral part of our school community. Without their fabulous cuisine, we would have to trudge through the day undernourished. Having spent many first hand, quality time hours with my own personal lunch lady, I understand the battle they must face everyday. Our cafeteria workers should be given awards and medals for their unselfish service. My mother relays her cooking experiences to me everyday, never letting me forget the importance and difficulty of making the quality food that we enjoy daily. Many thanks go out to those selfless martyrs who give their time to make the short lunch period our favorite time of day.

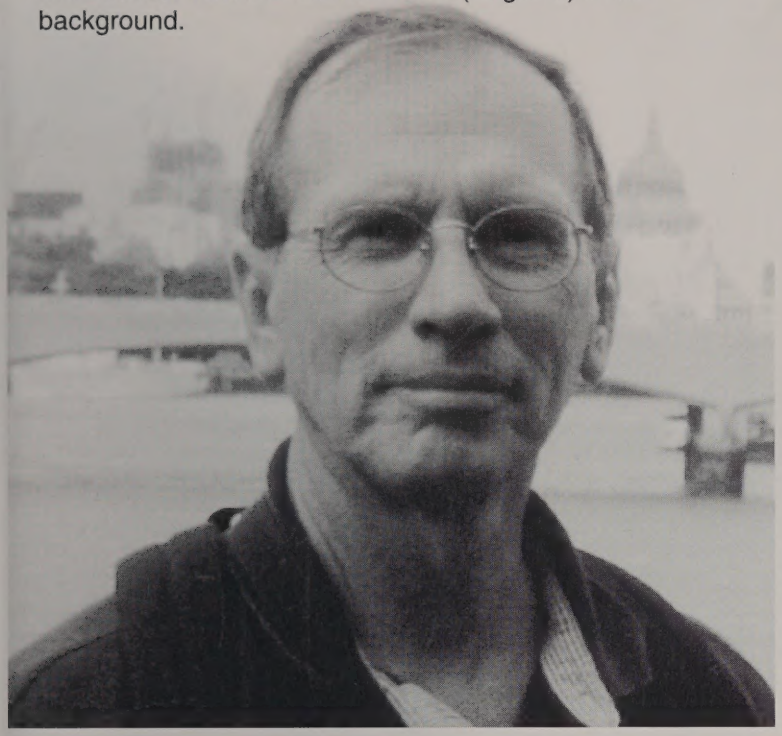
Vacation Bob

Mr. Boucher with the Thames River (England) in the background.



Mr. Boucher, also known as "Vacation Bob" has been moving around quite a bit lately. Not only has he changed jobs, going from a history teacher to the Dean of Students, but he has also led international trips the past two years. During the summer of 1999, Mr. Boucher, along with a group of students and some of their parents, went to England, Ireland and Wales for 10 days. The trip was very exciting and some of the highlights were Big Ben, the Book of Kells, Oxford University, and all the pubs in Ireland.

During the summer of 2000, Vacation Bob led a trip to Australia. Some of the highlights of this trip were snorkeling at the Great Barrier Reef, visiting the crocodile farm that MTV's Road Rules Australia went to, feeding and petting kangaroos, and visiting Sydney Harbor which houses the famous Sydney Opera House and the Sydney Harbor Bridge. The trip was unbelievable and the entire group would like to thank Mr. Boucher for allowing us to travel to these great destinations.

Our Journery

When we walked through the doors of Oxford High School that first day of 8th grade, we thought about how many years laid between that day and graduation. Now the end of our senior year is fast approaching, and the journey of high school is almost over. We used to think that our journey's end would coincide with graduation, but as the years passed we learned that our journey is just beginning and our destination still lies on the distant horizon.

As we walk down the halls during the last few days we have here, we take a closer look at the photographs of the senior classes past. We compare ourselves and wonder if we're ready to head out into that wild world beyond high school. Yes, we received a basis in general education, but the most important thing we learned in our years here is that our lives still stretch into the future and our journey and destination are filled with promise.

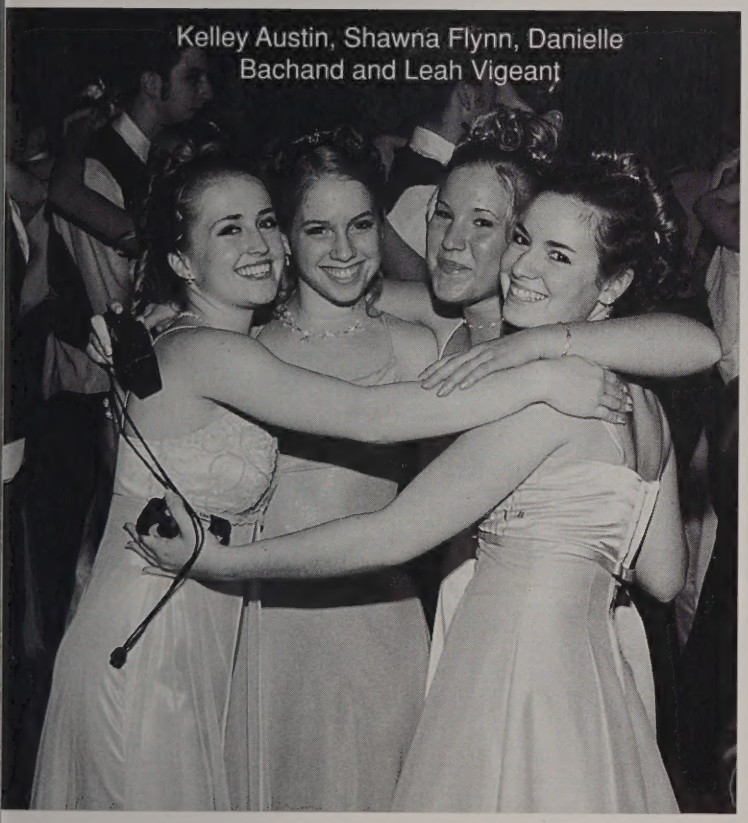
Enchanted Forest



Kelley Austin, Shawna Flynn, Danielle Bachand and Leah Vigeant

On Saturday, April 8, 2000, the class of 2001 held its *Enchanted Forest* themed prom in the OHS cafeteria. With the late night efforts of the prom committee, we transformed the cafeteria into a vine covered, white-lighted forest of dreams. The far window was a spectacular waterfall that splashed down into a pool surrounded by rocks. The layers of crepe paper covered the large windows in the front of the cafe and billowed in the evening breeze.

Everyone arrived under the balloon arch and greeted each other with compliments of how wonderful everyone looked. Later we all lined up for the Grand March in the auditorium. Diana Fiorentino stumbled through names as everyone paraded under a flower covered arch couple by couple. Then we all trouped back into the cafeteria to enjoy a delicious buffet dinner by Princess Catering. Later we all danced the night away to music provided by Champagne Toast. All in all we had a wonderful night and we hope that our senior prom lives up to the memories of our Enchanted Forest. -Diana Fiorentino

Dave Fiorentino watches and stretches.

The 2000 fall sports season was a tough one. All of the soccer and football games, as well as most field hockey and cross country contests were played on the road. Although grass is grass, playing all our games on the road was much more difficult mentally than physically. Thank you to the Booster Club for sticking with us, even though they had no concession stand to keep up. Our one home game was very meaningful, thanks to Mr. Springer for pushing to let us play at home. Getting on the bus everyday for games was a very trying experience, but it made our teams stronger and we now appreciate how important home grass is.

To All My Friends

Senior year is the busiest year of high school. Applying to college, working, and sports all contribute to the lack of sleep many seniors are experiencing. The only thing that gets us through the madness is our friends. Our friends provide the laughter, fun, and happiness that we all need to make it through these hectic times. Without our friends we wouldn't be able to learn about ourselves or to grow like we need. Together we create the matrix of our lives. This year we've created memories that will last us a lifetime and none of it would be possible without our friends.

On Monday November 20, the seniors were greeted with eggs, sausage, and pancakes served by our teachers and prepared by our lovely cafeteria staff. We hung out in the cafe and enjoyed our breakfast served by members of the faculty. The seniors relaxed and prepared for day of fun. After our breakfast, the senior skit was presented by the juniors, who made a great show for us. We then had senior superlative pictures taken. When all was done we slowly dispersed to class. It was a nice day for the seniors, and served as a break from some of the stress. Thank you to the faculty that helped out and the juniors who presented the skit.

Entranced

On Monday, November 20 the seniors were treated to our annual dose of the hypnotist. We were brought into the auditorium and prepped by Coach D. on what to expect and how to behave. The hypnotist relaxed us and took us through meditating exercises. He picked a bunch of people to be hypnotized on stage, but it only worked for a few. To our delight he got through a great performance with only a few participants.

Overdrive

If only someone had told us sooner that junior year was going to be so overwhelming. This was the year that we got our licenses, started a part time job and had to seriously think about what colleges we want to go to and what we want to do with the rest of our lives. This year was so full of many major decisions for us; decisions that impact us for the rest of our lives. If we didn't know what stress was before, it is very clear to us now.

We all have a sense of urgency, of being in overdrive. We've taken on more responsibilities than we've ever known. We're growing up, finally turning into adults. But were not quite there yet.

Crossroads

Here we stand, right smack in the middle of high school. We've spent the last two years figuring out where we are. Our task is done, now we know. Here we are at the crossroads. Now we will spend the next two years figuring out where we are going.

The road is paved. See the signs. Which way will we go? From here we use the past, to help us with the future to figure out what road we will take. This is who we are. This is where we stand. From here where will we go?

Rally

The sophomore class chose yellow as the class color and Hawaiian as a theme. We had a wide variety of scenes such as palm trees, waterfalls, and a band of wild flowers. We ordered pizza in the middle of setting up because this hard work deserved an award. The next day came and the pep rally took forever to start. The grades were called as the awards were given out. Freshmen won third place, and we figured that the seniors won first so we almost lost hope. When we heard that we won second place, our whole class errupted and we new our hard work payed off. Our entire class was proud of our accomplishment and I was proud to represent them by accepting the award.

Coney Island

In November we took a trip to the Worcester Art Museum put on by Mr. Bergin for the sophomore modern history classes. The trip's main purpose was to learn more about painting, such as expressionism, impressionism, and cubism. Yet the students' main purpose was for the first stop: lunch at Coney Island. Although many people were afraid to eat, we found the strength to grab a bite and sit with our friends. After lunch we went to the Art museum, where we pretended to be archaeologists. -Shaunna Rosenlund-

Breaking Point

"What does it mean to be a freshman?" It means that so that much more is expected of you and there is so much more work to be done, than when we were in the eighth grade. We finally have a title. We are FRESHMEN! We're finally considered to be high schoolers. It means much more to get involved in sports, yearbook, and other activities in the school. We have more responisibilities and homework; teachers and projects are much harder. We only have three more years until we graduate. That's what it means to be a freshmen. -Erin Ethier

You can't wait to hangout with your friends or go home and watch TV. The last five minutes of class go by so slow that it seems like forever!!

Survivor

Being an eighth grader is the hardest thing we've ever had to live through. We were so afraid because we started the year at a new school. We didn't know what to expect. After awhile we got used to what being in the high school is like. We got lost a lot at first but we always knew there was someone around to help us find our way. Now we know what is expected of us to survive our first year at Oxford High School.

Eighth graders may enroll in three different programs. They may take college prep, honors level, or special education programs. The college prep program prepares you for college. Students must be recommended by their seventh grade teachers in order to enroll in honors level classes. Special education programs are designed who have different styles of learning.

To get on the honor roll one needs an average of 80 or better except in gym, where an average of 70 is acceptable. For High honor roll you need a 90 or better except in gym you can get an 80. Students also earn Academic Awards at an assembly, where the teachers will select one student for outstanding work in each academic area for evert grade.

Oxford high school is doing their best for the MCAS. The administration is changing the math course because the test results show that the 4th graders had difficulties. The administration hopes this way will help the students do better. Thanks to Mrs. Wieland and Melisa Lemire for their help.

Coming from the middle school, Oxford High is a drastic change for 8th graders. It was a big transition, but getting involved really helps. We like to participate in sports such as soccer, football, cross country, field hockey, cheerleading, basketball, and golf. We also enjoy working on the school newspaper and yearbook staffs, singing in the chorus, playing in the band and doing our part in theatre. By joining a team, we become part of something and it also gives us a sense of school pride. Being involved also keeps us away from temptations that affect our academic performance. We also come away from our season's experience with new friends and many memories. -

Trying to get through eighth grade is hard for some students, especially for the ones who do no dedicate themselves to their studies. Eighth grade is the hardest to pass. We are introduced to a newer and larger school which is Oxford High School. Most of the young students find eighth grade difficult because our teachers and parents expect more from us to ready us for the future. We have a lot more responsibility for ourselves.

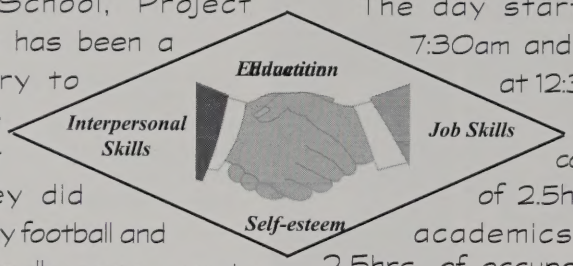
A Closer Look

Throughout the five years we've been in Oxford High School, Project Coffee has been a mystery to us. We thought all they did was play football and occasionally come over to fix our computers.



Having actually gone over to talk to Mr. Sikonski, Director of Project Coffee, we realized there is more to this program than what we suspected.

The students of Project Coffee have a day similar to that of Oxford High School students except that there are more hands on activities.

The day starts at 7:30am and ends at 12:30pm. It consists of 2.5hrs. of academics and 2.5hrs. of occupational training. There is a 15 member staff for a total of 50 students. These students commute from as far away as Barre and Hardwick.

Project Coffee is not your everyday school. It offers students more opportunities to succeed than we expected.

Hand in Hand

Some say that school is all work and no play, but those students at OHS who participate in after school activities think otherwise. Many are involved in different clubs and sports in which they learn leadership and teamwork skills. At many high schools around the country, such after school activities have been cut due to insufficient budgets. We've been lucky at OHS and all of our activities have remained intact throughout the years. Without these activities, many of the students here would find themselves spending much more time in front of the television and getting into trouble. OHS students will not do ANY of that! OHS after school activities have provided a basis in learning practical skills in dealing with different people daily and working together. These skills will allow us students at OHS to branch into the people we want to be.

There's No Place Like Home

On Thursday, October 5 we held our homecoming rally in the OHS gymnasium. On the night before the gym was filled with students to decorate their class' wall. The eighth-graders theme was Mardi Gras and their sport was cross country. They decorated their wall with supportive posters and Mardi Gras decorations. They had beads and candy for everyone. The freshman had a wild jungle theme with animals from girraffes to parrots in trees hanging on their wall. Mrs. Finny was dressed up as the Jungle Princess with wild cats pushing her alongside the banner. The sophomores side was covered with exotic Hawaiian flowers and colorful sunsets. The juniors decorated with balloons and yummy M & M's, then tied their theme into the Eminem song. The seniors theme was Charlie Brown and the Senior Pumpkin Patch. We decorated with pictures of Charlie, Linus and the gang, and had people dressed up as the characters. The seniors took first prize at the rally, followed by thesophomores and then the freshman.

Diggin' up some dirt

On October 31, 2000 a good sized crowd full of administrators, committee members, towns people, falculty and students stood about the football field on a rainy and cold day in support of our new school. I had the honor of speaking at this momentous event. As Student Council President I spoke on be half of the students and thanked the School Building Comittee and all others involved for the continuous time and effort. Their contributions are appreciated by the students, even though some students, like myself, will not get to experience the new school. We do however hope to return someday and visit our old teachers and the new atmosphere of Oxford High.

Staying Busy

The Student Council had an exciting year of rebuilding, with the assistance of our two advisors, Mrs. Lawrence and Mrs. Briody. The Council this year was full of motivated and ambitious students. In early September the officers met with our advisor and decided that the Student Council's goal for this year would be to rebuild the spirit of the student body. New spirit week activities, as well as numerous projects and class competions aided the Council members in obtaining their goal. The officers for the year 2000-2001 were: Kristy Fitzpatrick, President; Leah Vigeant, Vice President; Sarah Aquafresca, Secretary; Ali Phillips. Treasurer. Twelve students, accompanied by both advisors, represented Oxford High School at the annual MASC Conference during March.

As President I would like to thank all the members for their hard work and individual dedication throughtout the year. I would also personally like to thank Mrs. Lawrence for her faith in the Council and Mrs. Briody for all her work.

The National Honor Society is an organization within the school comprised of juniors and seniors who reflect the qualities of character, leadership, scholarship, and community service. Members of the National Honor Society are known for their presence and commitment to important events within our community and schools. This year's senior officers include: Sarah Aquafresca, president); Sarah Cierpich, vice president; Kaitlyn Brenner, secretary; Ashley Hokanson, treasurer; and Joe Mayer, parliamentarian.

The school year is still young and yet already NHS has involved itself with various activities in the school as well as out of school such as the annual ROTC inspection, Oxford's nativity scene at the bandstand, and the Sadie Hawkins Dance, which took place on November 17. It is the members of NHS who put themselves forth to make such events a success. The best of luck is wished to the future members and many thanks are given to our advisory, Mrs. Blazis.

Honor to Society

NJHS is the National Junior Honor Society. It's members are made up of eighth and ninth graders; giving the underclassmen a chance to be recognized for their academics before NHS candidacy comes around sophomore year. The standards are almost the same as NHS. We have a required amount of community service, and are involved in many community activities. NJHS also prepares younger members for NHS, which we all hope to be a part of in the next few years.

The Best in US

Oxford's Naval Junior Reserve Officer Training Corps Unit earned the United States Most Outstanding Unit Award winner from among nearly 500 in the world-wide program for 2000! The Drill Team and Color Guard captured five state drill championship titles and their second consecutive National JROTC championship title at the largest drill tournament in the world - the 2000 American Legion Nationals held at Montgomery, Alabama. The Air Rifle Team also captured state titles and their first National Championship, with three members, Captain Elizabeth Skrip, Megan Skrip and Paul Tortora being invited to try out for the 2000 US Olympic Team. Oxford's unit was also picked by the White House and the Points of Light Foundation as a National Daily Point of Light in recognition over three thousand eight hundred hours of community service work. These include highway and public lands cleanups, elderly assistance, supporting school, town and veteran's organizations events, food distribution and homeless assistance and much more. Cadets Amanda Fafard and Joseph Mayer each earned a $1000 Presidential Youth Service Challenge Scholarship in recognition of their exceptional community service. Many of our cadets experienced the thrill of driving a billion dollar, state-of-the-art Navy destroyer during a cruise aboard the USS Ross (DDG-71) from Annapolis, MD to Newport, RI. Others attended special events like a Blue Angels Air Show; a day cruise aboard the tall ship SS Aurora at Newport; a formal reception and dinner for the Korean War 50th Anniversary Commemoration in Worcester; a formal Christmas military ball in Boston and with Air Force Cadets from Coventry Rhode Island, and special Color Guard performances with the Marine Corps Silent Drill Team and Drum and Bugle Corps and at Foxboro Stadium for the New England Patriots and Revolution sports franchises.

Guiding

The Tomorrow Teacher's Club is an organization consisting of students who want to become teachers along with the French IV Honors and Spanish IV Honors classes. Weekly, each class teaches third grade students their respective foreign language; the French students teach at Clara Barton School and the Spanish students at the Chaffee School. The organization is advised by Mrs. Blazis. As a Spanish IV student, I am able to teach Spanish to third graders every Wednesday. Teaching the children a foreign language at a young age is very beneficial. The Tomorrow Teacher's Club is a great program and a great career opportunity. -Sarah Aquafresca

Solving

Peer mediation is a program designed to encourage students involved in altercations nor to resort to physically solving their problems, but to solve it in a more self-controlled manner. By talking and producing an agreement, a contract is written up and agreed to, then signed by all parties involved in the problem. This program not only encourages students to get along and peacefully solve their problems, but it also helps kids avoid getting in trouble in school. It is a great program and it wouldn't be possible without the help of Mrs. Lawrence.

For anyone who doesn't know, SADD stands for Students Against Destructive Decisions. SADD. It is an organization within the school which formed a few years ago after a tragic incident that was alcohol-related. The organization is advised by Mrs. Lawrence, with our stand-in advisor Mrs. Briody. SADD is open to anyone who wants to join. This year we had a good turn out as far as members go, but everyone is still welcome. The newly elected officers for the 2000-2001 school year were: President, Sarah Aquafresca; Vice President, Kristy Fitzpatrick; Secretary, Meg Rheault; and treasurer, Ali Philips. As members of SADD, we try to spread the cause for special events, such as the Great American Smokeout. Each month brings about positive events that we can make the school aware of. Overall, SADD is a positive organization to be a part of. We always do fun things at meetings such as have strawberry daquiris or eat junk food. So if you're looking to have a fun time and interact with great people, come to a meeting! ~Sarah Aquafresca

It's Just an Act

Tim Denson and Sam LaBossiere share a moment..

This year Mr. Bagget's theatre class has been hard at work. During the fall we produced the short play "Sweeny Todd, Demon Barber of Fleet Street". A select group of students worked hard to pull off a good show in only a little over a week. The play was performed at the Halloween Concert. During the month of November the entire class wrote an original work entitled "The Play", it was performed in January. A new group of students joined the class in the second semester. just in time for the Spring musical. The show stopping "Oklahoma!!" was the highlight of the term two theatre experience. None of this years productions would have been possible without the dedication and hard work of instructor Alton Baggett and the numerous dedicated and ambitious students.

Because of everyone's hard work we were able to have our first ever Halloween Concert. With our performance plus the band and theatre, it turned out to be a great night. We raised a good amount of money for our trip to Canada, where the chorus will join the band in our first music festival! This year is full of plans of many great firsts for the chorus.

Plug Me In

Net Prep is a course for people to learn about computer networks. Some things we do, we take for granted, such as the internet. Now you can be one of the people who know what it and other related things are all about.

In netprep we learn about networks, protcols, servers, clients, connectors, and cables. We are even building a network and are working hands on with the hardware and software.

Networks are a big business right now and there is a lot of money out there for people who are willing to get the education and go for it. If you are at all interested in choosing this as a profession or just want to learn more about technology, then I recommend taking this course.

The school newspaper experienced some changes. We added new features, printed a fourth issue, and our staff grew to include many more students. The staff produced four issues that were well recieved and provided information and enterainment for the students and staff of Oxford High School.

In only our fourth year of existence, "The Ledger" staff has grown to include many more underclassmen who help produce our issues. These dedicated students spend many hours writing stories, typing, formatting pages, and printing for every issue we produce. Without the help of our dedicated advisor, Mrs. Casavant, the newspaper would surely meet it's end. -Kait Brenner

The swing of things

A vast improvement was shown in Oxford's Golf Program this year. For the first time in years, we had a winning reward and made it to districts, and just narrowly missed states. Our new Coach, Mr. Bergin, showed good leadership and helped us begin to work as a team. Although we are losing seniors Jay Harty, Nate Charbonneau and Chris O'Connor, the team will remain strong for years to come. The team is young and appears to have a promising road ahead. Juniors John Sneade and Chris Johnson, along with sophomore Chris Eithier, should carry the golf team to another winning season. Good luck guys!

Aaron Bagnell prepares his equipment.

The rock climbing club has had an excellent season so far, with the joining of many new members and the higher advancement of the junior and senior members. You can see our train of cars leaving OHS every Wednesday afternoon for the different destinations of Glass Palace, Trapp Rock, Rattlesnake Rock, and Purgatory. In September the climbing club took a day trip to Rattlesnake Rock, where we honed our skills and taught younger members how to set up climbs. Under the watchful eye of the officers, Joel Abdella (president), Diana Fiorentino (secretary), and Jess Gage (photographer), the entire club became very involved in the specific skills required for safe rock climbing. The entire club would like to thank Mr. Hescheles for all of his guidance and support. He has truly been a mentor to all of us, and the amount of knowledge he has taught us in our years here can never be expressed in words. As we seniors leave OHS this year, we know that all the friendships we have in the climbing club and all the skills we learned will never be forgotten.

Special team

The football season has been full of ups and down. The team consisted of players who had a lot of heart for the game. All the players on this year's team played 44 minutes with a huge desire to be victorious.

The 2000 season's record was 6-5. One of those six wins was against Leicester, who is this years Division 2a Superbowl Champions. We handed them their only division loss of the season.

Our team was plagued with what seemed like one problem after another from injury to inexperience to their position on the team, but we came together as a team to produce a winning season. Some of the best memories are the wins over Leicester and Tantasqua and also the season opener against Uxbridge. The Tantasqua game was the only home game this season and was the last game ever to be played on that field.

The team would like to thank our coaches Ron Springer Jr., Mark Lempicki, Jerry Nadeau, Ron Springer Sr., Jason Wilson, and special thanks to Mike O'Brien for his unconditional dedication he has given our team. We would also like to thank the friends and family of the football team for all the support they have given us. You know who you are and we will never forget you and the things you have done for us. The Lady Pirates soccer team had another great season. Contrary to our critics' popular beliefs, we had the chance to defend our 3 year SWCL title and we continued our 4 year run of making it at least as far as District Semifinals. Although we didn't win SWCL and we lost in the Semi's, we proved a lot of people wrong by even making it to the Districts in the first place. With hard work and team effort we fought our way into contention. Although it wasn't fun all of the time, we managed to have fun when coach wasn't looking. Thanks to everyone for making this year a great senior year for Ren, Molly, Meg, Amanda, and myself. Good luck next year kids. (Beat Auburn please) -Weez

The 2000 junior varsity soccer season was a lot of fun. We got a bunch of new players to play along with the old ones. All of the new players we got were very good. We won some games and we lost some games. Coach Scott was a good coach and he wasn't too easy on us either. He taught us how to play as a team and to work hard, even though it was tough. Varsity Soccer had one of the best years ever. The entire team had a very good year even if the score board didn't say it all the time. This year there was a new coach to help us on our way to victory, and his name was Albert. He made this year what it was for us, helping us when needed and saying what was needed to get us in gear. We just wanted to say thank you Al, and good luck to all the younger team players. We hope they can take the team all the way!

High Sticks

The Junior Varsity Field Hockey record was definitely improved since last season. With a majority of the team being eighth graders, we were able to score a total of five goals. We came away with two wins against Southbridge and Grafton, and five ties. (2-10-5)

Special thanks going out to our coach Jody Chaffee who put in a lot of hard work and effort, and put up with all of our joking and laughing. Thanks a bunch!

Next year we are all looking forward to more wins and goals! Also our team would like to say good-bye to one of our best defensive players, Kayti Lapensi, who is going to a different school. We'll miss her.

Altogether I would say that our team put up a good fight against most of our rivals and we had an awesome season!

Lookingup

The 2000 season for Varsity Field Hockey went very well. It was the best season we've had in a while. Our team came together to give some hard competition. We improved so much that our skill level was equal to the better teams. Our coach worked especially hard to get us strong and motivated to play. All of our hard work paid off in the end. Even though we didn't win many games, we beat last year's record. We largely increased our numbers of shots, goals and saves. Not only was it great to play with the team, but we had lots of fun on the field as well. Fortunately the varsity team will only lose one senior so they should be looking good for next season. Good luck to all the players.

Tread Ahead

The girl's cross country team gained twelve new runners but lost two experienced seniors to graduation. Through the efforts of twelve eighth-graders and experienced runners Kelley Walsh and Jess Blouin, a decent running status was maintained.

The girls worked very hard through hot and cold practices every weekday. Even if we lost a meet, we still went into the next meet with higher hopes and strength. We didn't have a big winning season, but the girls put their effort, strength, and friendship together to try their hardest and do their best. If we lost a meet but knew we worked hard, in our minds it was a win.

Even though we're losing a senior captain this year, Coach Shattuck believes that the young runners will make a great team with the leadership of captain Kelley Walsh.

The girls indoor track team finished off the season with a record of 3-3. Many new faces joined the team, with an overwhelming number of underclassmen. The captains Lindsey Monaco, Tracy Sharkey, and Kelly Walsh gave the girls a positive experience, in hopes of their strong return next year. Everyone improved as the season went on, dropping times each week. Outstanding individuals, Kelly Walsh, Catherine Cyr, Jen Greene, Liz Baxter, and Tracy Sharkey helped carry the team to victories. We would like to thank the girls for a great season and we hope they will return next year. To our one and only senior Lindsey Monaco, we will miss you!

O-Town What?

When the boys indoor team first met in November we had high hopes and even bigger dreams that to some seemed unobtainable but by the end of our first practice we had realized they were. Oxford was led by two-miler Joe Guillotte (co-captain)and state hurdler Justin Hawkes (co-captain). We finished the season with a 4-2 record dispite the loss of two key sprinters. It was the dedication of few and the domination of even fewer that made us such fierce competitors. Tory Gisleson,in the mile, Tyler Dumas and newcomer, Charley Russel had a great impact holding their own in their events ,and it was senior sprinter Eric Talley who pulled it all together even with a great 2000-2001 season we will settle for nothing less than the best and are coming back to win it all next year.

We Are ★N'SYNC

The 2000-2001 basketball season has been a fun one, with Coach Ford and Coach Shea making every practice memorable. This season we have accomplished many goals and continued making new ones. For the first time this year, we have enrolled in three competitions. We came into the season with only a few members from the football squad, but ended up with a huge turnout at tryouts. From this group we produced an outstanding squad that works well together. I wish all of the girls the best of luck in their future cheering years.

Good luck and thanks for a great season.

Swoosh!!

The junior varsity girls basketball team was unstoppable in 2001. We were pumped up for every game, we came out strong, and it brought us through an awesome season. We were led by Jess Cowden, Erin Moylan, and Jamie Walsh. They were awesome captains who were always there to support us. Jen Randall and Monique Porter were also a huge help to our team. They worked hard on both JV and varsity. Our team was very young this year, consisting mostly of eighth graders. With the help of our older, more experienced teammates, we accomplished many of our goals. I love you guys, thanks for a great season!!

The Lady Pirates started off the season kind of slow. We had 3 quick losses to David Prouty, Leicester, and Shrewsbury. After the Shrewsbury game, the Lady Pirates were fed up and were determined not to lose again. The next 10 games were important league games. Our motto for the season is NO-Co, which means no Co-Champions for SWCL-East; keep the title to ourselves. We not only accomplished that, but also hold the District E Division II Championship and made it to the state finals. This has been a great season for us. We've grown together and have have gotten through some tough games as a TEAM. Only together will we win. Thanks to everyone for a great season, can't wait for next year!

Super High

The boy's junior varsity basketball team has had a successful season. We won half of our games. There have been many helpful contributions from swingmen Jeremy Urella and Ricky Barber. Anthony McDonald and Chris Kowal, both freshmen, stepped up big playing in the guard spots. Dan Langlois did a very good job handling the team's pressure of bringing the ball up the court. Jay Poulin and Tom Hassett did the dirty work underneath the hoop with rebounding. There were also some very helpful contributions off the bench by Matt Fitzpatrick, Paul Clotar, Matt Bergstrom and Matt Davis.

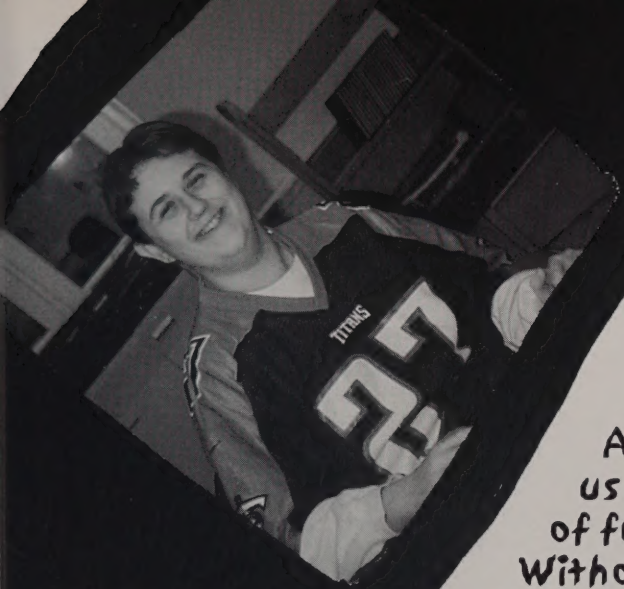
In the Right Direction



Throughout our life our parents have given advice to help lead us in the RIGHT DIRECTION. All the pointers we have recieved will guide us on to our Destination. Only with the support of friends and family can we be truly successful. Without the support of the local families and businesses, the 2001 Ravelins would not reach its destination. Well over half of the yearbook's income is derived from community support. Thank you to the 2001 staff for collecting and organizing the ads, thank you to the families of graduating seniors, and finally thank you to the businesses that supported us during our journey. It's only because of all of you that Ravelins is possible.

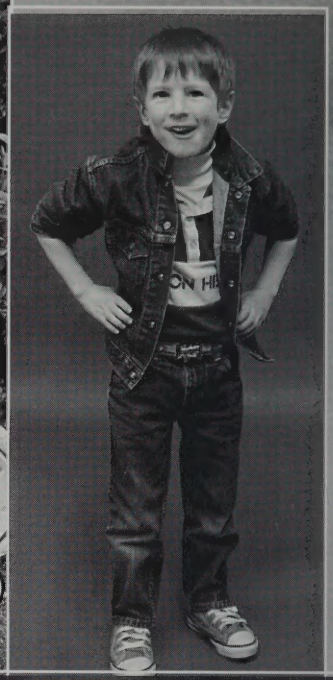
Noelle LePore

Congratulations Noelle. You've always made us proud.
Love, Mom and Dad



Brad Rheault

Thank You **Brad**, for making us proud;
For your offbeat humor,
singing Sinatra aloud.

For shaking the house as a bass guitar rocker,
Or doing a prat fall at your banquet for soccer.

In your Salvation wardrobe, who could look bett
Especially while driving your van or your Jetta!

As you graduate and a new life is about to begin,
We admire your marching to your drummer within.

Whether choosing a career or creating your art,
Please always remember to follow your heart.

So congratulations, be smart and stay fit;

Love to you always
from **Mom, Dad,**
and **Britt**

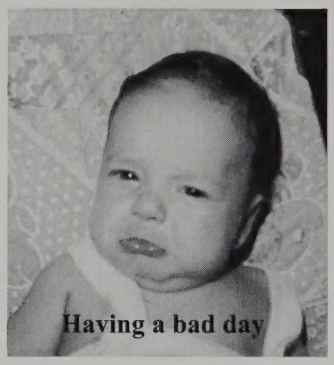
Jesse Millett



Having a bad day

But look at me now

Jesse, The six years I've been with you, I have watched you grow up, into a handsome young man. You have a good head on your shoulders. I know that as you continue to grow you'll make the right decisions. I love you as if you were my own son and always know that I will always be here for you. All my love, Susan (your 2nd mom)

Aimee Lynn Pinto

Aimee, since you were a little girl we have taught you to be yourself, no matter how hard this may be. You have shown us the strength and courage it takes to accomplish this. Your individuality, perserverance, love of life along with your creative mind and style will hopefully bring you endless happiness and success. Love always, Mom and Dad

2001 Ravelin's Staff

Be happy with your contribution, no matter how large or small. It did not happen without your effort. It was the best you could do at the time, and was one less thing that someone else had to do. Be proud of your achievements and think not on what might have been. This is how it will forever be. Remember that it was always about the journey. Having a destination is only to help us stay on the right path. No matter what happens, continue to do your best, take care, and be happy. I am proud of you and what we did. Together, we made it happen. Love always, Mrs. Briody

To the Class of 2001

Go placidly amid the noise and haste, and remember what peace there may be in silence. As far as possible without surrender be on good terms with all persons.

Speak your truth quietly and clearly; and listen to others, even the dull and the ignorant; they too have their story. ~ Avoid loud and aggressive persons, they are vexations to the spirit. If you compare yourself with others, you may become vain and bitter; for always there will be greater and lesser persons than yourself. Enjoy your achievements as well as your plans. ~ Keep interested in your own career, however humble; it is a real possession in the changing fortunes of time. Exercise caution in your business affairs for the world is full of trickery. But let this not blind you to what virtue there is; many persons strive for high ideals; and everywhere life is full of heroism. ~ Be yourself. Especially, do not feign affection. Neither be cynical about love; for in the face of all aridity and disenchantment it is perennial as the grass. ~ Take kindly the counsel of the years, gracefully surrendering the things of youth. Nurture strength of spirit to shield you in sudden misfortune. But do not distress yourself with imaginings. Many fears are born of fatigue and lonliness. Beyond a wholesome discipline, be gentle with yourself. ~ You are a child of the universe, no less than the trees and the stars; you have a right to be here. And whether or not it is clear to you, no doubt the universe is unfolding as it should. ~ Therefore be at peace with God, whatever you conceive Him to be, and whatever your labors and aspirations, in the noisey confusion of life keep peace with your soul. ~ With all its sham, drudgery and broken dreams, it is still a beautiful world. Be careful. Strive to be happy. ~ ~

Some People

Some people come into our lives
and quickly go.
Some people move our souls to dance.
They awaken us to new understanding
with the passing whisper
of their wisdom.
Some people make the sky
more beautiful to gaze upon.
They stay in our lives for awhile,
leave footprints in our hearts,
and we are never ever the same.

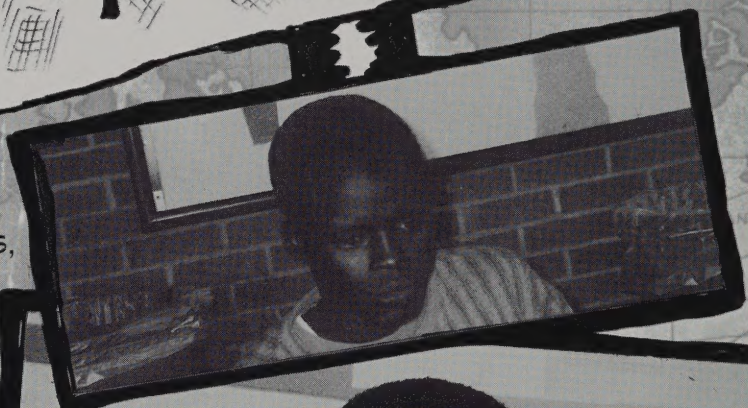
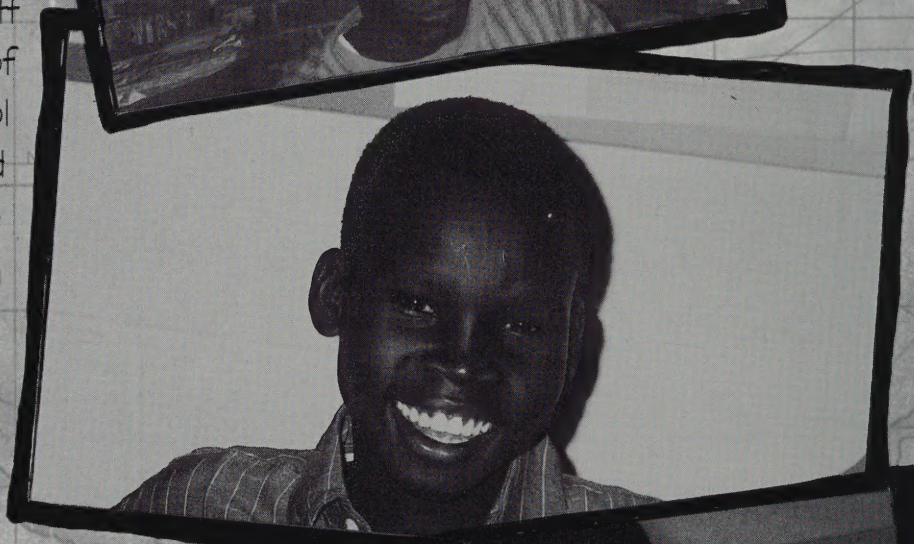
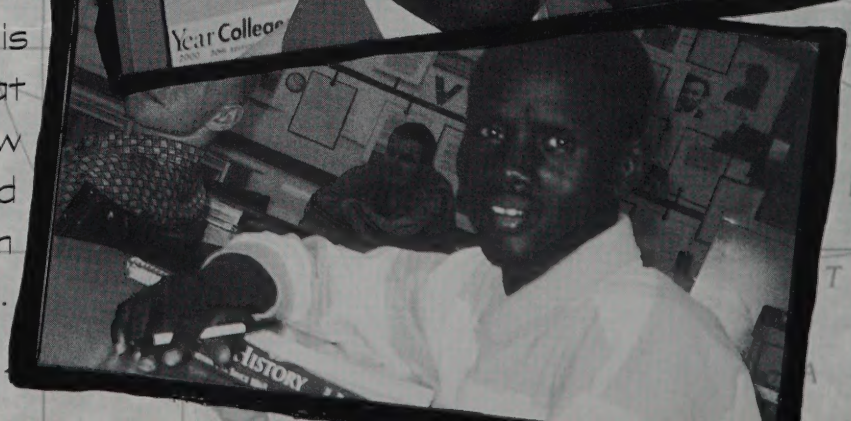
Phillip Yok,18, John Deng,18, William Wol,18, and Samuel Chol,16, have recently enrolled in Oxford High as a result of a refugee placement program from Mading Bar, Sudan, their original home. Samuel and John are presently living with Mr. Raymond Maesto here in Oxford. Unfortunately Phillip and William had to transfer to a school in Arlington, MA, and are currently living with other Sudanese boys.

DESTINATION UN







To all the teachers, administrative office, staff and my fellow students of this Oxford High School who have warmly welcomed us with opened hearts. We are extremely sorrowful for the unexpected plans, which is beyond our control, that have moved us to another area in Massachusetts. We will miss all of you so much and the name of this school will be an unforgettable song to both of us in our memory. Love and mutual understanding are powerful words that unite. Different ethnics become one family or country. And that is how we feel toward everyone at Oxford High School. These few words come from Phillip and William. We thank all of you from the bottom of our hearts.

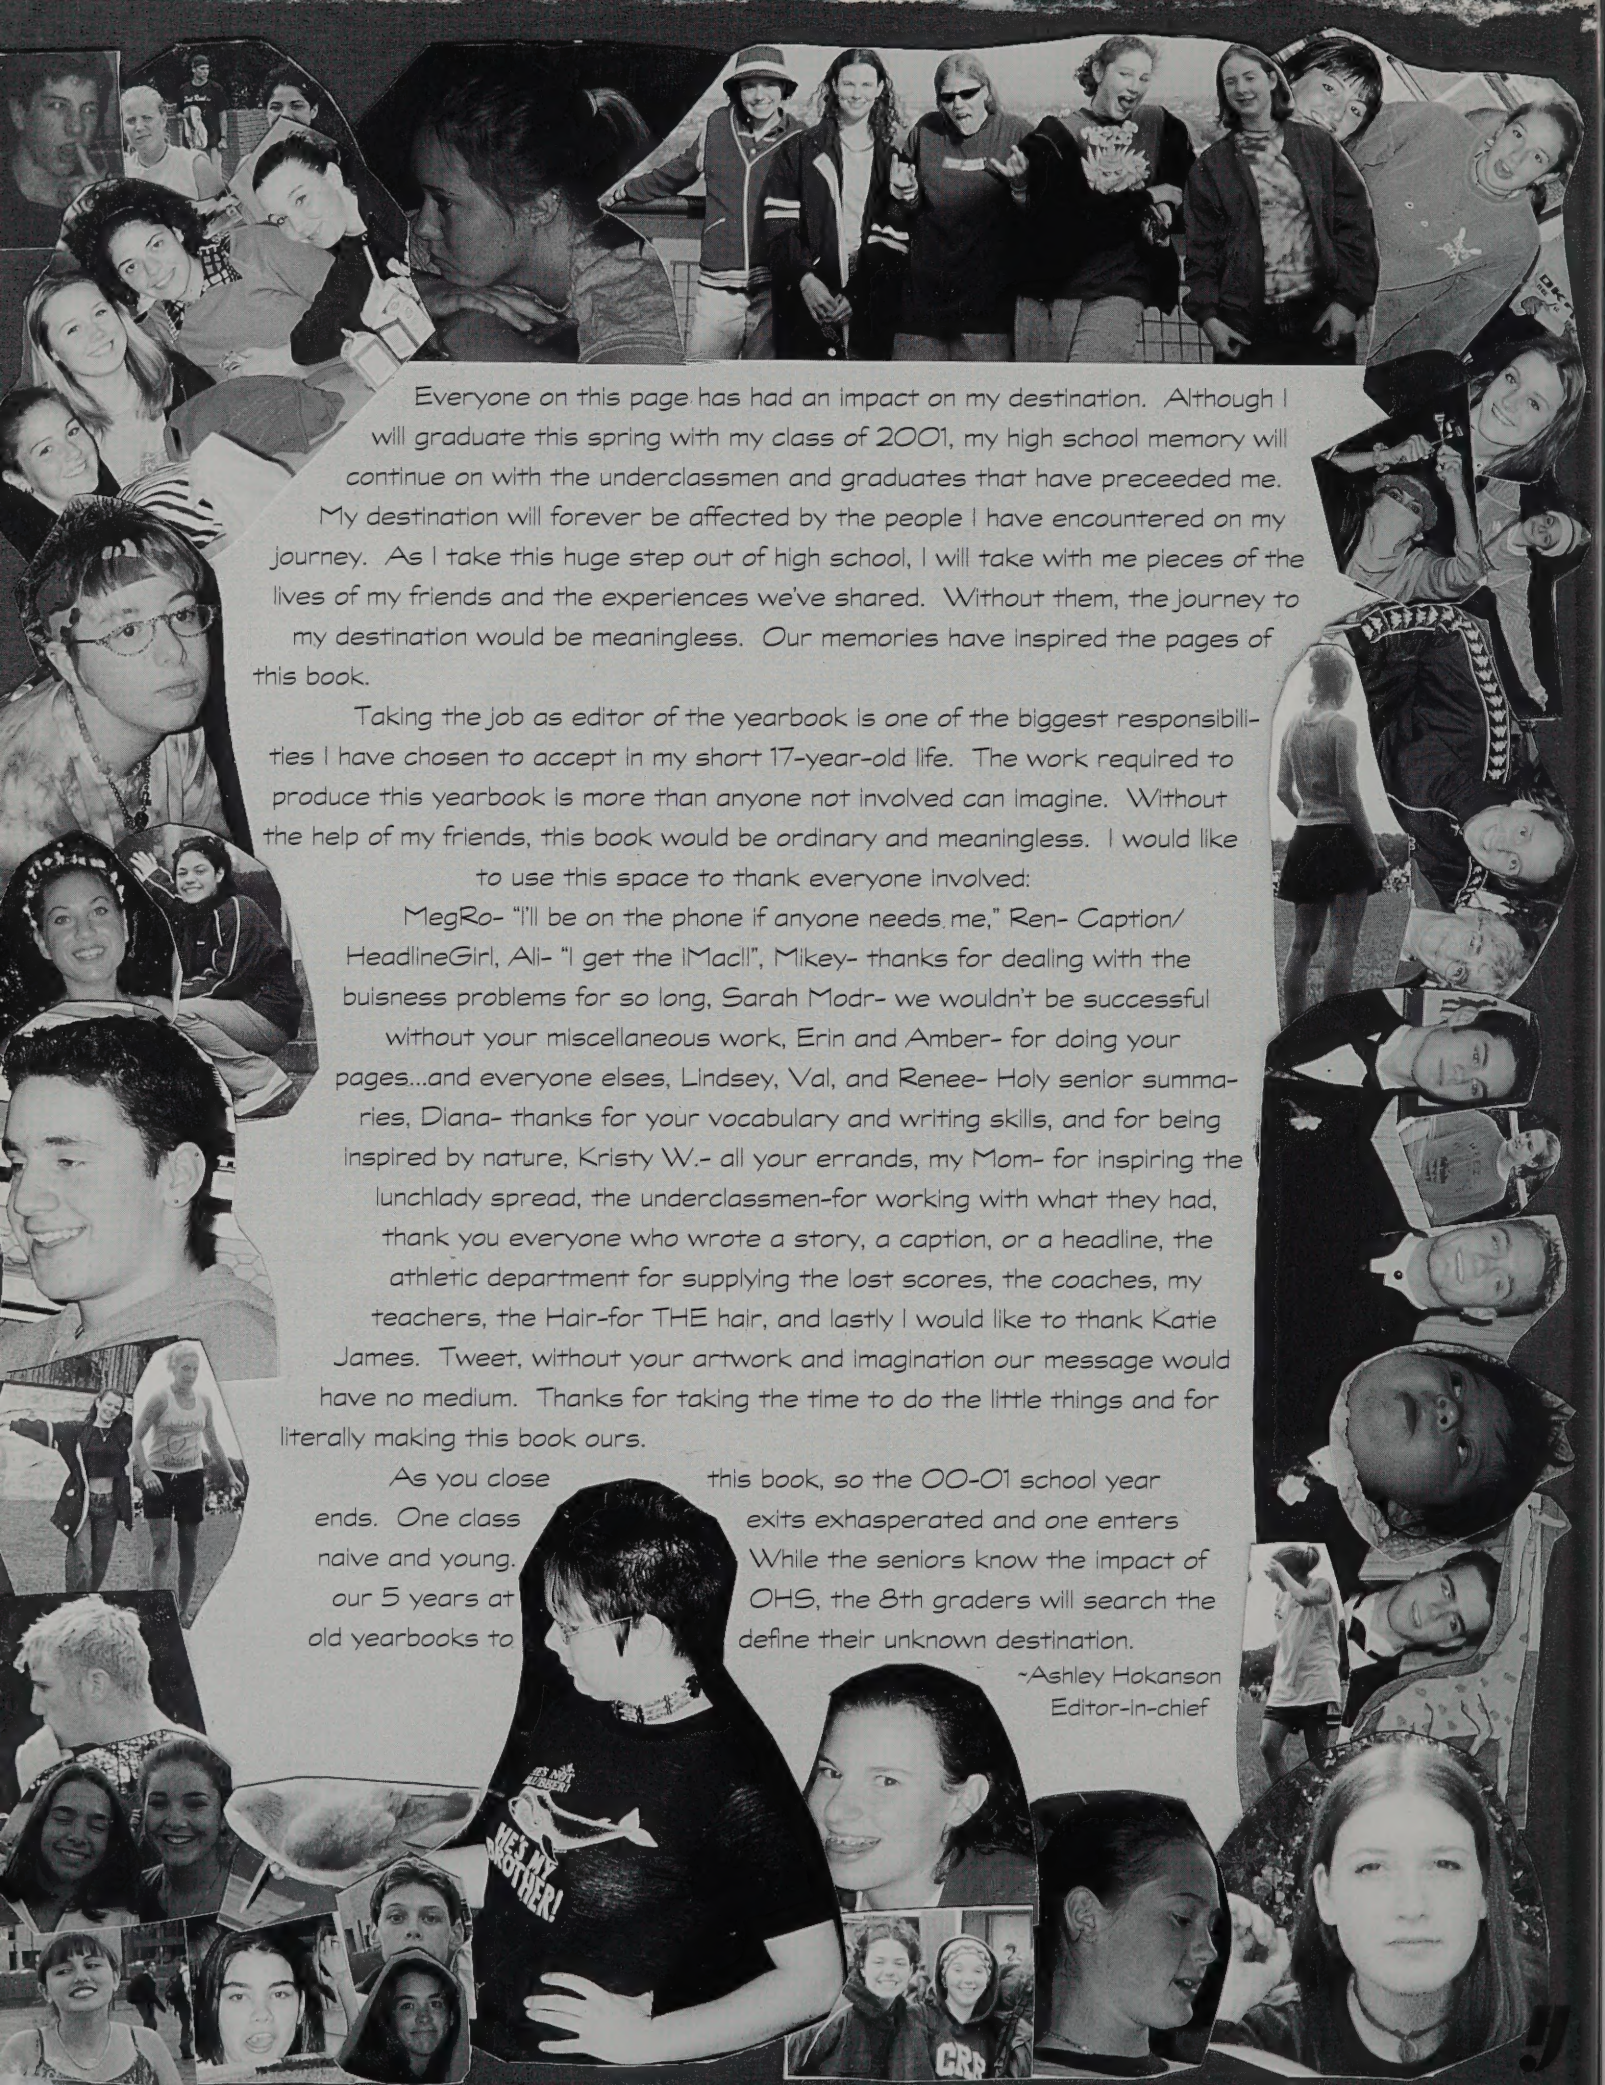
KNOWN

As the school year draws to a close here at OHS, we find many of the events and people we have known in our childhoods to be changing. We all have made many new friends and have worked hard to keep our old ones. We have met new and exciting people, like our tranfer students from Sudan. While speaking with each of these boys, we have recieved a new view of what Destination Unknown truly means. Though they each have traveled far from a place that few of us can imagine, they do realize that they haven't found their true destination yet.

Philip and William, two of these Sudanese students have since been transferred to another school again reiterating the point that their journey is far from over. Hopefully the rest of us can remain as hopeful and open-minded as they are; taking in each new experience as we travel through our years at Oxford High and the years to come.

Just as our Sudanese students undertook their journey to the United States, we all take up our backpacks and begin the trek of life, always growing and learning; ever mindful of the fact that the unknown destination is not where our concentration should be. Our efforts should be instead placed on our personal journeys on which our compass will always bring us home!

-Diana Florentino



Everyone on this page has had an impact on my destination. Although I will graduate this spring with my class of 2001, my high school memory will continue on with the underclassmen and graduates that have preceeded me. My destination will forever be affected by the people I have encountered on my journey. As I take this huge step out of high school, I will take with me pieces of the lives of my friends and the experiences we've shared. Without them, the journey to my destination would be meaningless. Our memories have inspired the pages of this book.

Taking the job as editor of the yearbook is one of the biggest responsibilities I have chosen to accept in my short 17-year-old life. The work required to produce this yearbook is more than anyone not involved can imagine. Without the help of my friends, this book would be ordinary and meaningless. I would like to use this space to thank everyone involved:

MegRo- "I'll be on the phone if anyone needs me," Ren- Caption/ HeadlineGirl, Ali- "I get the iMacII", Mikey- thanks for dealing with the buisness problems for so long, Sarah Modr- we wouldn't be successful without your miscellaneous work, Erin and Amber- for doing your pages...and everyone elses, Lindsey, Val, and Renee- Holy senior summaries, Diana- thanks for your vocabulary and writing skills, and for being inspired by nature, Kristy W.- all your errands, my Mom- for inspiring the lunchlady spread, the underclassmen-for working with what they had, thank you everyone who wrote a story, a caption, or a headline, the athletic department for supplying the lost scores, the coaches, my teachers, the Hair-for THE hair, and lastly I would like to thank Katie James. Tweet, without your artwork and imagination our message would have no medium. Thanks for taking the time to do the little things and for literally making this book ours.

As you close this book, so the 00-01 school year ends. One class exits exhasperated and one enters naive and young. While the seniors know the impact of our 5 years at OHS, the 8th graders will search the old yearbooks to define their unknown destination.

Colophon

The 2001 edition of the Oxford High School Ravelin's was printed in offset lithograph by Herff Jones Yearbooks, Gettysburg, Pennsylvania.

It was printed in a limited edition of 450 copies with 200 pages.

The paper stock used throughout the book is 100 pound Bordeaux.

The cover is a four color litho. It is printed on 120 point binder's board. Cover was designed and created by Katie James, Class of 2001. Katie also produced all of the artwork found throughout the book.

The endsheets are printed in duotone with HJ165 orange and black ink.

The book is smyth-sewn in 16 page signatures, trimmed to 8.5 x 11.

In addition to the black ink used throughout the book, there are two flats of four color.

All captions are done in 6, 8 or 10 point Helvetica. Body copy is in 12 point Graphite Light. Headlines are in 48 point Sand

All pages were produced on Page Master, a Herff Jones designed template with Adobe Pagemaker®.
